Dear Client,

I want to applaud you for having the courage to come in for therapeutic services. This decision can be difficult and scary but is a step toward improving your health and quality of life. To maximize the benefit of psychotherapy, it is important that all scheduled appointments are attended. Missing appointments disrupts the therapeutic process and makes it more difficult to improve symptoms and functioning. This also affects other clients who may be on the waiting list for an appointment.

Time is a valuable commodity at Northland Counseling Center and we dedicate time to your treatment and expect that you do the same. Attending therapy and completing therapeutic work outside of session, is very much like taking medication. If you are not taking a medication as prescribed, it is not reasonable to expect it to work.

It is understandable that an appointment may need to be missed for planned or unplanned reasons. Please be courteous and responsible and notify us as soon as you are able when you realize you cannot attend a scheduled appointment. Many agencies charge a fee to clients for late cancellations or no-showed appointments. At this point, Northland Counseling Center has elected not to charge a fee to clients but this does result in our agency absorbing the cost of missed appointments, which does add up. It is also important to be on time for an appointment as arriving late also interferes with the therapeutic process. Most importantly, you are not able to benefit from therapy if tardiness or absences becomes frequent. Additionally, we try to do reminder calls but clients are still responsible for remembering their appointment.

By signing below, I am agreeing to try my best to provide at least 24 hour notice if I am to miss a scheduled appointment. I will not schedule an appointment at a time when I know I am not able to attend. I understand that two consecutive no-shows or frequent late cancellations may result in me being placed on the waiting list for an appointment. Also, these behaviors will be addressed in therapy with my therapist.
